

CutBuddy II Dustless Shrouds

5" CutBuddie II
For 4" to 5" Angle Grinders

DUS-55047

9" CutBuddie II
For 6" to 9" Angle Grinders

DUS-55048

The Pro's #1 choice for dust collection when cutting, tuck pointing or crack chasing with a hand grinder.

- Fits most 4" – 5" and 6" – 9" hand grinders
- Captures 99% of airborne dust
- Fast and easy to install
- Clear polycarbonate for improved visibility
- Comes ready to use
- Integrated universal adaptor
- From the leaders in dust collection

The CutBuddie II is simply the best dust collection system you can find for hand grinders. Durable, unobtrusive, easy to install and reliable. Installation is quick and simple. Adjust the set screws in the universal adaptor, slip it on the grinder and tighten the band clamp, and you're ready to go! It is an ideal tool for renovation contractors who have to use point-of-origin dust collection tools to comply with EPA regulations covering lead paint removal.

Unlike awkward metal shrouds, the CutBuddie II is sleek and see-thru so it does not interfere with operator visibility. What could be more important when performing intricate cuts in important projects. Pros know the right tools gives them the edge and that's why they choose CutBuddie II more than any other dust collection shroud. The sleek, see-thru design enables Pros to deliver more precise, higher quality work. That's why you'll see Pros using the CutBuddie II on commercial and high-end residential construction projects across the country. The CutBuddie II is a durable dust control system that will last and last. It's made of highly durable polycarbonate - a space-age polymer that rivals tempered steel in tensile strength and durability.
